Mechanical data (according to IEC 61076-2-101)	
no. of poles / coding	4 / A
contact termination	dip solder / socket
contact-Ø	4xØ1mm
temperature range	-40 °C to +105 °C
protection class	IP67
mating cycles	>100

Material	
contacts / surface	CuZn with gold layer
contact carrier colour	PA6T / 66 black
sealing gasket	FKM

further information:
- see technical data M12-3

While mounting the insulating body with o-ring into the housing, the axial mounting force on each connnector shouldn't be higher than 80N.
Avoid radial forces!

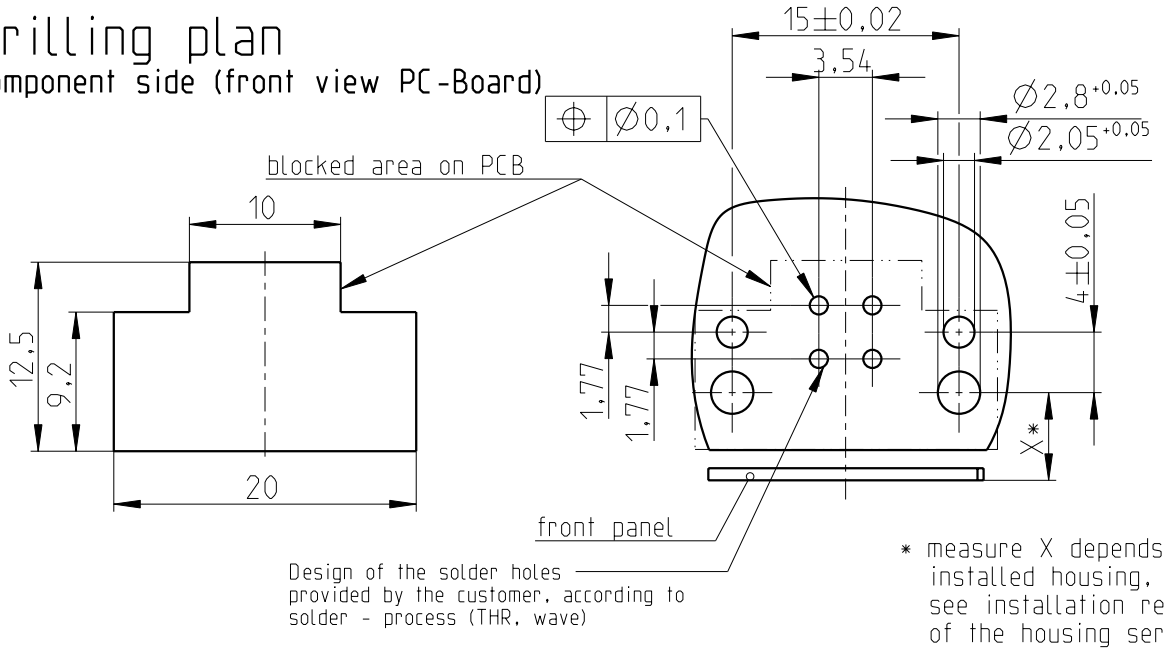

All specified data refers to the mounted M12 installation plugs >IP54 and requires that the connector pair be correctly plugged and locked. Influences from wires, cables or PCB mounting are also to be taken into consideration.

drilling plan

component side (front view PC-Board)

* measure X depends on the installed housing, see installation recommendation of the housing series M12 DSIV
